LADIVA APP

Installation Guide

SELLER

FOR PC and Android

To use the app on PC, Tablet or Android: Receive the access link. Copy it (press and hold on the link Copy). Open it in your device's browser (Chrome is the most recommended). It works both on computer and on Android phone or tablet.

FOR Mac and IOS

To use the app on Mac, iPad or iPhone:
Receive the link. Copy it. Open it must with Safari (on Mac, iPad or iPhone).
Safari is mandatory for the app to work correctly on Apple devices.

Register on our portal. The invitation you received from the AGENT is for your RESELLER. Enter: Company name and your company's email (do not enter your personal details — you will use those later)
Reseller's phone number (if you have it) Create your own access password Then accept the PRIVACY policy and click REGISTER.

Install the app (APPLIES TO ALL DEVICE)

After registering and logging in:

In the top right of the screen, click the menu icon

Select "INSTALL THE APP"

Congratulations, your position as RESELLER is ready — you are now part of LADIVA.

APPLIES TO ALL DEVICE

If you haven't entered the app you just installed yet: Click on "LOGIN" (it is located next to the Menu button). In the screen that opens, enter the email and password you used to create the agency.
Click on LOGIN TO THE PORTAL.

Once you are inside the APP, you will see: TECHNICAL CATALOGS divided by families and series, or the PHOTOGRAPHIC CATALOGS divided by families (bottom right). In your DASHBOARD, you can download the 2D and 3D files and the PRICE LIST. Go to the RESERVED AREA, click on USER MANAGEMENT, scroll down until you see the text: INVITE USERS. Assign the ROLE as SELLER to complete your RESELLER.

Click GENERATE THE LINK. Copy the generated link and send it to the SELLER of your RESELLER. Create as many links as the number of SELLERS or workstations you have. If you have sellers in your RESELLER to whom you do not want to give access to the PUBLIC PRICE LIST, assign the ROLE as PROMOTER. Let's now grow your RESELLER: Go to the RESERVED AREA, click on USER MANAGEMENT, scroll down until you see the text: INVITE USERS. Assign the ROLE, invite your STUDIOS (they will be able to view: 2D and 3D files). Click GENERATE THE LINK. Copy the generated link and send it to the STUDIO.
(Attention: if you have multiple Studios, tick the flag before clicking GENERATE THE LINK. This process is usually used for a dedicated mailing list, because a single link can be used unlimited times.)

The entire network you create is visible only to you and to your colleagues in your RESELLER. You can view it in the RESERVED AREA, under USER MANAGEMENT,
