

Ladiva

STUDIO

LADIVA APP

Installation Guide

STUDIO

FOR PC and Android

To use the app on PC, Tablet or Android: Receive the access link. Copy it (press and hold on the link Copy). Open it in your device's browser (Chrome is the most recommended). It works both on computer and on Android phone or tablet.

FOR Mac and IOS

To use the app on Mac, iPad or iPhone:
Receive the link. Copy it. Open it must with Safari (on Mac, iPad or iPhone).
Safari is mandatory for the app to work correctly on Apple devices.

Register on our portal. The invitation you received is for your STUDIO. Enter: Company name and your company's email (do not enter your personal details — you will use those later)
Reseller's phone number (if you have it) Create your own access password Then accept the PRIVACY policy and click REGISTER. Dai il consenso alla privacy e REGISTRATI

Install the app (APPLIES TO ALL DEVICE)

After registering and logging in:

In the top right of the screen, click the menu icon

Select "INSTALL THE APP"

Congratulations, your position as RESELLER is ready — you are now part of LADIVA.

APPLIES TO ALL DEVICE

If you haven't entered the app you just installed yet: Click on "LOGIN" (it is located next to the Menu button). In the screen that opens, enter the email and password you used to create the agency. Click on LOGIN TO THE PORTAL.

Once you are inside the APP, you will see: TECHNICAL CATALOGS divided by families and series, or the PHOTOGRAPHIC CATALOGS divided by families (bottom right).
In your DASHBOARD, you can download the 2D and 3D files.

All updates will be made automatically by Ladiva. Since it is a web app, you will see them immediately.
