APPLIES TO ALL DEVICE

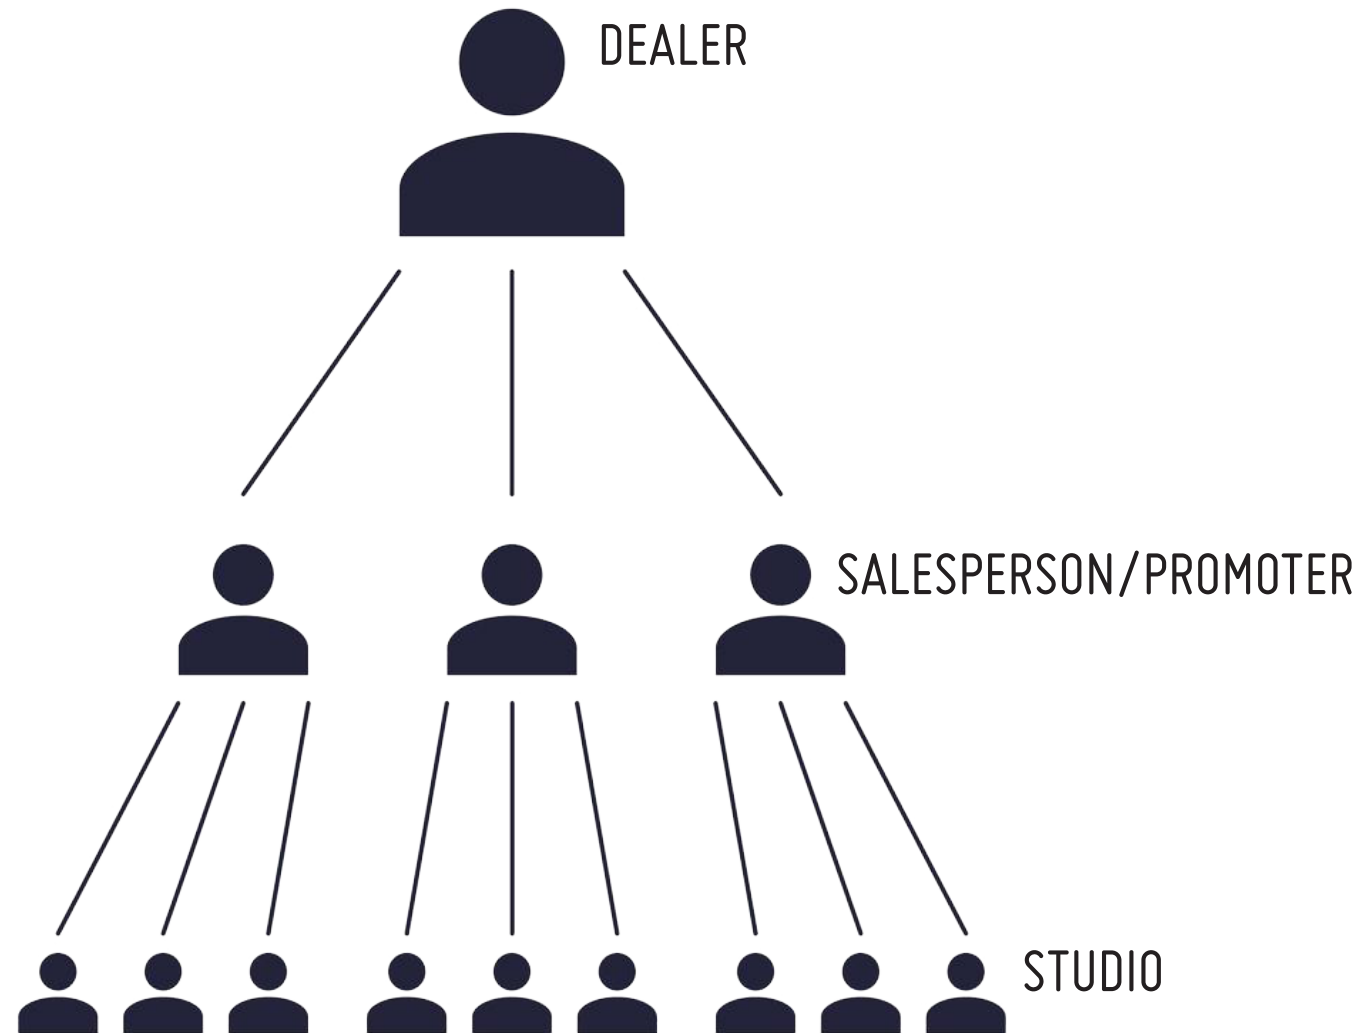

If you haven't entered the app you just installed yet: Click on "LOGIN" (it is located next to the Menu button). In the screen that opens, enter the email and password you used to create the agency. Click on LOGIN TO THE PORTAL.

Once you enter the APP, you will see: TECHNICAL CATALOGS divided by families and series, or PHOTOGRAPHIC CATALOGS divided by families (bottom right). In your DASHBOARD, you can download 2D and 3D files, the PRICE LIST, MERCHANDISING, and POWERPOINT presentations to present LADIVA. If you go to the RESERVED AREA, click USER MANAGEMENT and scroll down until you see the text: INVITE USERS. Assign the ROLE as SALESPERSON or PROMOTER (SALESPERSONS will be able to view: 2D files, 3D files, PRICE LIST) (PROMOTERS will be able to view: 2D files, 3D files, NO PRICE LIST), if there is more than one person in the dealership. GENERATE THE LINK. Copy the generated link and send it to the other salesperson or promoter; create as many links as there are salespersons or promoters in the dealership. Let's now grow your DEALERSHIP: go to the RESERVED AREA, still in USER MANAGEMENT, and go to INVITE USERS. This time, however, set the ROLE to STUDIO (STUDIO will be able to view: 2D files, 3D files, NO PRICE LIST). GENERATE THE LINK. Copy the generated link and send it to the STUDIO.

(Please note: if you have several Studios, tick the flag before GENERATE THE LINK. This process is usually used for a dedicated mailing list, because a single link can be used an unlimited number of times.)
